2. Purpose of the Mynt Platform and Cards

- 2.1 Mynt's Platform is intended for corporate customers. The Mynt Platform provides you and your company with the ability to order and administer payment cards for your employees, and to perform expense management functions to aid your accounting company expenses.
- 2.2 We offer expense management tools to improve the management of company card expenses, personal outlays, per diem, and supplier invoices. We are not an accounting service and therefore we take no responsibility for the accounting being correct. The customer is individually responsible for the accuracy of the accounting by verifying transactions and their associated accounting vouchers before

and after exporting from Mynt's Platform.

- 2.3 In some cases Mynt provides the service in collaboration with a Card Partner. If the service is delivered in collaboration with a Card Partner, this will be made clear to you during the onboarding process. In these cases, the usage of Mynt's Platform may be somewhat different than what is described in these terms as all, or parts, of the web and/or mobile interface is provided by the Card Partner.
Further, the Card Partner may provide pricing that differs from Mynt's website. The Card Partner will provide instructions on how the services work in these cases. In all cases where a Card Partner is involved, you are still a customer with Mynt and must accept the terms herein. Mynt does not take any liability whatsoever for any services and/or systems that are provided by the Card Partner.
- 2.4 We may offer card benefits, such as offers in collaboration with third parties. If nothing else is stated, such benefits (eg 'cashback' on purchases) are regulated by separate terms. These terms are communicated in Mynt's Platform.
- 2.5 To use the cards, funds must be loaded onto the Mynt Account. See the Mynt Terms and Conditions and the Mynt Schedule for further information and terms about this. We may in some cases also offer credit tied to the Mynt Account, in which case you don't need to load funds beforehand and can instead spend using credit provided to you. The terms of such credit are in such cases agreed separately. You can find out the funds remaining on your Mynt Account, as well as information on any approved credit, by accessing Mynt's Platform.
- 2.6 The Cards are business credit cards. The Cards allows Card Users to access available funds that have been previously loaded on the Mynt Account by an administrator via the Mynt Platform, or available via line of credit. Mynt is not responsible for any funds that have not been loaded onto the Mynt Account and does not provide services for loading funds to the Card. Mynt may offer credit tied to the Mynt Account, in which case you don't need to load funds beforehand and can instead spend using credit provided to you. The terms of such credit are in such cases agreed separately. You can find out the funds remaining on your Mynt Account, as well as information on any approved credit, by accessing Mynt's Platform.
- 2.7 The Cards are issued by Us at the Contract Holder's request and upon acceptance of said request to Us via the Mynt Platform. Plastic Cards will be sent directly to You or the Card Users (as directed by You) as per the address specified on the Card order request completed on the Mynt Platform.
- 2.8 The Cards can be used worldwide wherever You see the Card Scheme symbol displayed online, and also at Automatic Teller Machines ("ATMs") and merchants, including shops and restaurants who accept the Card Scheme (subject to local laws and regulations in the country of use), providing there are sufficient funds available on the Card for the Transaction, including any applicable fees (subject to local laws and regulations in the country of use).
- 2.9 The Cards remain at all times Our property and must be returned to Us or destroyed upon Our request. Use of the Card is personal to You and the Card Users. You cannot assign Your rights under this Agreement, and the Card User is strictly prohibited from transferring or giving the Card to any third party or from allowing any third party to use the Card. The authorisation for You and/or Card Users to use the Card may be revoked at any time, in accordance with clause 12 below.
- 2.10 The Contract Holder shall be liable for all acts and omissions of Card Users purported to be carried out pursuant to the activities anticipated by this Agreement. The Contract Holder warrants, represents and undertakes that it shall ensure that all Card Users are made aware of the content of this Agreement and understand the obligations regarding the use of the Cards.
- 2.11 There is no interest payable to You on the balance of the Card and the balance does not amount to a deposit with Us.
- 2.12 The Mynt Platform and Cards are intended for electronic money and are thus not a deposit or banking products. However, We will safeguard your money by keeping it separated as client funds, so that they are protected in accordance with applicable law if we become insolvent. The money is kept in a client funds account in a bank and is thus covered by the Deposit Security Scheme of Sweden, in the event of the bank's insolvency.

3. Onboarding, KYC, and customer guarantees

- 3.1 To fulfil applicable laws and regulations We have a structured onboarding process. This process includes steps that ensure that we fulfil our obligations with regards to Know-Your-Customer (KYC). The onboarding process requires authorized signatories to answer a number of questions about the company and to agree to these terms. You guarantee that any information that you provide is correct, complete, and in no way misleading. Note that a business relationship has not been entered into until we have completed a satisfactory KYC review and you have been notified of this.
- 3.2 If any of the provided information should change you must inform us of this immediately. Furthermore, you may be asked to update your information at regular intervals, in which case you are again obliged to provide correct, complete and in no way misleading information. Should you not provide information we may be forced to terminate the agreement and access to our service.
- 3.3 As part of the onboarding process, we may also order a credit report on your company through an accredited credit rating agency. Any representatives of your company guarantee that they are authorized to represent the company. You are not allowed to apply for Mynt's Platform under another person or company's name, or on behalf of any other person or company.

4. Use of Cards

4.1 Activation and General Use of Cards

- 4.1.1 A Card cannot be used unless it has been activated within the notified time by the Card User. An activation procedure will be provided with each physical Card. You must know and ensure that Card Users know and follow the steps required to activate the physical Card and the instructions must be followed. Card users must activate their Cards as soon as they have been received by following the instructions detailed on the information document accompanying the Card. A Card User's PIN will be communicated to or chosen by the Card User at the end of the activation process (via the Mynt app or Mynt web interface). Card Users can find out the available funds remaining on their cards at any time by accessing the Mynt Platform. You shall only distribute the Cards to Card Users authorized by You, and You shall be responsible for ensuring that each Card User complies with this Agreement where applicable.
- 4.1.2 The Card is only for use by the Card User and expires on the date printed on the Card. The Card cannot be used after it has expired.
- 4.1.3 The amount relating to each Transaction and any associated fees will be deducted from the balance on the Card.
- 4.1.4 When using the Card at certain merchants, including hotels, restaurants and petrol stations, the merchant may hold an additional amount for instance to cover tips/gratuities, temporarily reducing the balance available on the Mynt Account.
- 4.1.5 We do not recommend using the Card as a guarantee of payment, for example as a deposit for hotels, cruise lines or car rental, as merchants such as these may estimate the final bill and this amount will be temporarily unavailable to access or spend.
- 4.1.6 You agree to accept a credit to the Card if a Card User is entitled to a refund for any reason for goods or services purchased using the Card.
- 4.1.7 We are not responsible for ensuring that ATM's and point of sale terminals ("POS") will accept the physical Card.
- 4.1.8 Strictly for physical Cards, certain POS, particularly those situated in moveable property such as trains and ships, and certain static payment terminal machines such as in car parking lots, and toll ways are not connected in real time to the Card Scheme approval network and may not be able to accept the Cards. We accept no responsibility, and shall not be liable for, any inability of Card Users to use their Cards in such POS or machines.
- 4.1.9 You must comply with all laws and regulations (including any foreign exchange controls) in respect of the Card, in the country of purchase and/or use.
- 4.1.10 You must comply at all times with the terms of our acceptable use policy, which is published at

mynt.se/terms.

4.2 Available funds

- 4.2.1 The Card User should check that sufficient funds or credit are available on the Card prior to attempting to make any Transaction to avoid disappointment or embarrassment if the Card is declined.
- 4.2.2 The Card can only be used if it has an available balance.
- 4.2.3 Payments made on some machines, such as automatic fuel dispensers, generate a pre-authorisation to reserve an amount that may be greater than the payment requested. In this case, the request for pre-authorisation of the greater amount may result in denial of the Transaction and the associated payment. For services offered by these machines Card Users should ensure the Card has adequate funds to meet the amount required by the pre-authorisation.
- 4.2.4 A Card User may obtain certain information concerning the Card and recent Transactions via the Mynt App or by contacting Customer Support.

4.3 Temporary blocking of the Card

- 4.3.1 Card Users and/or the Contract Holder may request to have Cards temporarily blocked by contacting Customer Support.
 - 4.3.2 You and/or the Card User may request that the Card be unblocked at any time via the Mynt Web Interface or App (as applicable).
 - 4.3.3 Applying for a Card to be temporarily blocked shall not satisfy the obligation of the Card User or Contract Holder to inform Us of the suspected or actual loss, theft, misuse or fraudulent use of the Card or of the related data.
 - 4.3.4 If we block or suspend a Card, We shall notify You and/or the Card User by e-mail, if possible prior to blocking or suspending the Card, and at the latest, immediately after, unless We reasonably believe that providing such information would constitute a security risk or We are not permitted to provide such information by any applicable law. The Card User and/or Card Holder can at any time request that the block be removed from their Card by contacting Customer Support at the contact details specified in the Schedule, but the discretion to unblock the Card or resume provision of Our services will be at Our discretion.
- 4.4 Card Renewal: Any Card renewal, if applicable, shall be subject to the Schedule.
- 4.5 Refund: Goods or services paid for with the Card cannot be refunded by a retailer unless there was a prior Transaction debited from the Card by that retailer of an equal or higher amount than the refund requested. If the Card User and retailer agree to a refund, the retailer may process the refund via a POS terminal. Amounts credited to the Card as refunds shall be available no more than seven (7) days after the time the refund order was received. If an amount is credited to the Card that does not correspond to a refund, Mynt reserves the right to apply loading fees as set out in the Schedule and/or, at Our discretion, terminate the agreement.

5. Personal Cards

- 5.1 Personal Cards is an additional service within the Mynt Platform for customers who have been approved credit limit. Personal Cards enables you to allocate a certain amount of credit to each Personal Card. Credit consumed using Personal Cards is then invoiced directly to each Personal Card User at the beginning of each new invoicing period, for repayment of their used credit.
- 5.2 You as the Contract Holder are responsible for payment of any used credit, and it is up to you to ensure that your company's Card Users pay invoices by the due date. In the event of non-payment, a reminder is sent to each overdue Card User, and a late payment penalty fee and late payment interest are deducted. If payment is still not received, the matter will proceed to debt collection. The debt collection claim is then directed against the Contract Holder, because used credit is attributable to the credit agreement between you and Mynt.
- 5.3 Note that it is possible to assign credit to Personal Cards in such a way that these Card Users

individually or together can consume the company's entire credit limit. You would then have to add money to your Mynt Account, or apply for a higher credit limit, to be able to continue making purchases on any of your company's Cards or Personal Cards.

- 5.4 The Mynt Platform enables each Personal Card User to submit a reimbursement request to the Contract Holder for individual purchases. This enables smooth expense management and accounting for employee purchases.
- 5.5 Personal Cards must be used exclusively for business-related purchases. If a purchase has been made that is not attributable to the company, the Personal Card User can archive these, and thereby choose to not to request reimbursement.
- 5.6 Personal Cards are ordered in the Mynt Platform after you have entered an agreement for the Personal Cards service. The Personal Cards service is associated with a fee that is presented when you sign the agreement, and thereafter at mynt.com/pricing. You are responsible for ensuring that all Personal Card Users are aware of and follow the agreement and the rules that apply to Personal Cards as described herein, and to Cards in general as described herein.

6. Card Limits and Fees

- 6.1 The Mynt Platform is provided on the commercial terms set forth with your Mynt sales or onboarding representative. These may be specified in a separate order form. For paid plans, possible payment methods include traditional invoicing, direct debit, and direct payments from your Mynt Account. Should an automatic payment fail, we have the right to invoice you with seven (7) day payment terms.
- 6.2 Generic Card Fees and Limits provisions are outlined in the Schedule and will apply to the Card. These apply unless another overriding agreement has been entered into.
- 6.3 Withdrawal and/or Transaction limits may apply to the Card as detailed in the Schedule.
- 6.4 When the fees are linked to a Transaction that results from a related service without use of the Card, it will be carried out provided that sufficient funds are available on the Card to cover the cost of the Transaction and the fees, and related fees shall be separately debited from the Card's balance.
- 6.5 Each time the Card User uses the Card, the value of the Transaction plus any applicable fees shall be debited from the Card. If the value of the Transaction plus any applicable fees exceeds the balance of the funds available on the Card the Transaction will be declined, and applicable fees shall be charged to the Card in accordance with the provisions of the Schedule. These fees cannot exceed the amount of the payment order.

7. Card Security

- 7.1 Card Users must sign the back of the physical Card as soon as they receive it.
- 7.2 You should treat the Card like cash. If it is lost or stolen, you may lose some or all of your money on your Card, in the same way as if you lost cash.
- 7.3 You must keep the Card, Security Details and PIN (as applicable) safe by taking appropriate measures, including, but not limited to, the following:

- 7.5 The PIN may be disabled if an incorrect PIN is entered three (3) times at all ATMs and/or POS. If the PIN is disabled, please visit the Mynt App or contact Customer Support to reactivate the PIN. There may be a twenty-four (24) hour delay in reactivating Your PIN.
- 7.6 You undertake, represent, and warrant to Us that the Transactions that the Card User will undertake using the Card do not contravene any applicable law and that You and the Card User shall at all times comply with all applicable laws in relation to the performance of Your obligations under this Agreement.
- 7.7 Card Users shall not under any circumstances send their active and/or loaded Card to Us or any third party, by post or any other unsecure delivery method.

8. Authorising Transactions

- 8.1 You will need to give your consent to each Transaction so that we can check it is genuine by, where applicable, a) using your PIN or other security code personal to you; b) signing a sales voucher; c) providing the Card details and/or providing any other details personal to you and/or your Card; d) approving a 3D-secure prompt or e) approving online purchases by Click-to-pay. Once you have given such consent to the Transaction, it will be deemed to be authorised.
- 8.2 If a Transaction order is received after 4pm on a Business Day then it will be deemed to have been received on the next Business day.
- 8.3 Once a Transaction has been authorised by you, it cannot be revoked and the time of receipt of a Transaction order is when we receive it.
- 8.4 Your ability to use or access a Card may occasionally be interrupted, for example if we need to carry out maintenance on our systems or websites. Please contact Customer Support to notify us of any problems you are experiencing using a Card or the Mynt Platform and we will endeavor to resolve these as soon as possible.

9. Loss, theft and misuse of cards

- 9.1 If a Card is lost, stolen, misused or is likely to be misused by a third party or You or the Card User suspect that someone else may know the related PIN or Security Details or has carried out an unauthorised Transaction, You must stop using the Card and notify Customer Support directly as soon as possible on becoming aware of such loss, theft, misappropriation or unauthorised use of the Card. A Card shall be suspended to avoid further losses upon Your notification to Us in accordance with this clause.
- 9.2 We may also suspend a Card with or without notice if We suspect that the Card, PIN or any other Card-related security details have been, or is likely to be, misused, if any Transactions are deemed to be suspicious and/or are identified as being fraudulent, if We have reason to believe that You have broken an important condition of these Terms or that You have repeatedly broken any term or condition and have failed to remedy it, or if We suspect illegal use of the Card.
- 9.3 You and/or the Card User will be required to confirm details of the loss, theft or misuse to us in writing.

- 9.6 If any reported lost Card is subsequently found it must not be used unless You contact Customer Support first and obtain approval.

10. Our Liability to You

- 10.1 We will not be liable for disputes concerning the quality of goods or services purchased from any merchant that accepted a Card or for any additional fees charged by the operator of POS or ATM terminals (e.g. when You are offered dynamic currency conversion at a point of sale). In particular, We will not be liable for any loss due to: (i) any failure due to events outside Our reasonable control; (ii) any system failure or industrial dispute outside Our control; (iii) any ATM or retailer refusing to or being unable to accept the Card; (iv) the way in which any refusal to accept the Card is communicated to You; (v) any infringement by You of any currency laws; (vi) Our taking any action required by any government, federal or state law or regulation or court order; or (vii) anything specifically excluded or limited elsewhere in this Agreement.
- 10.2 Unless otherwise required by law, we shall not be liable for any direct or indirect loss or damage you may suffer as a result of your total or partial use or inability to use your Card, or the use of your Card by any third party (including any fraudulent or unauthorised Transactions and subsequent unsuccessful charge-backs).
- 10.3 You agree to indemnify Us against any and all actions, claims, costs, damages, demands, expenses, liabilities, losses and proceedings We directly or indirectly incur or which are brought against Us if You have acted fraudulently, been negligent or have misused the Card or any of the services which We provide to You.

- 11.2 You have the ability to set up a direct debit (autogiro) connection (mandate) in the Mynt Platform, which can be used for topping up your Mynt account. This can be configured to happen on a recurring basis (auto top-ups) or one-off. In case you have credit approved with us, this connection will also be used for repaying the credit (see separate credit agreement). You set up the connection by supplying the IBAN or BBAN number associated with a specific company bank account held by your regular business bank.
- 11.3 By setting up a direct debit connection you give Mynt permission to execute debit payments on your behalf toward the account you specify during the setup process. Once executed you do not have a right to withdraw or claim back the funds, as these will already have been credited to your Mynt account.
- 11.4 You have the right to terminate the direct debit connection (mandate) by contacting Mynt support. If you have a credit agreement with us, we have the right to terminate such agreement if the mandate is terminated.

12. Terminating this agreement

- 12.1 This agreement shall continue in force until termination of the Agreement with Mynt or unless otherwise terminated in accordance with the agreement.
- 12.2 The Agreement may be terminated at any time by the Contract Holder by sending 30 days' written notice to Customer Support or by Us sending 30 days' written notice to You. There may be a tie-up period for the purposes of billing. This tie-up period will in such cases be set out in a separate agreement with us.

- 12.3 Furthermore, we have the right to terminate individual Cards, access to Mynt's Platform, or both, in case of non-use of a specific Card, or non-use of Mynt's Platform as a whole, for a period of 3 (three) consecutive months.
- 12.4 On termination you will no longer have access to Mynt's Platform and the Cards will no longer work.
- 12.5 A cancellation fee may be deducted from the available funds on the Card in accordance with the Schedule.
- 12.6 Once your Card has expired or if it is found after you have reported it as lost or stolen you must destroy it by cutting it in two through the magnetic strip.
- 12.7 Any remaining funds left on the Mynt Account following termination, will be repaid by Mynt to you, less any fees set out the Schedule, in accordance with the procedure defined in the Terms and Conditions.

13. Causes for Termination

- 13.1 We reserve the right, at any time and without prior notice, at Our discretion to terminate the Agreement, to block or suspend use of the Card, restrict its functionality and/or to demand the return of the Card if any of the following circumstances arise:
- i. Your account on the Mynt Platform or a Card was not activated within the notified activation period;
 - ii. We reasonably suspect the security of the Card has been compromised in any way;

If the circumstances for blocking or suspending the Card continue for one (1) month, We may terminate the Agreement instead.
- 13.3 Any termination or expiry of the Agreement, howsoever caused, shall be without prejudice to any obligations or rights of either of the parties which may be accrued prior to termination or expiry and shall not affect any provision of the Agreement which is expressly or by implication intended to come into effect on, or to continue in effect after, such termination or expiry.

15. Confidentiality and Data Protection

- 15.1 Mynt will collect certain information about You in order to operate the Card program. Your provision of your Personal Data and our processing of that data is necessary for each of us to carry out our obligations under this Agreement. At times, the processing may be necessary so that we can take certain steps, at your request, prior to entering into this Agreement. If you fail to provide the Personal Data which we request, we will take steps to terminate this Agreement in accordance with clause 12.1 above.
